

Speakers and Sessions Update

Get fresh insight and exchange ideas with some of aviation's most respected leaders.

Dr. Suzanne Kearns

CEOs' Panel on Attracting, Educating and Retaining Top Talent

Labour shortages – especially pilots, maintenance engineers and schedulers/dispatchers – are getting critical. This session, which includes a panel discussion and breakout discussions, is moderated by University of Waterloo Associate Professor and Vice Chair of ICAO's Next Generation of Aviation Professionals, **Dr. Suzanne Kearns**, will bring together leading members of the business aviation community with operators to discuss strategies, actions and best practices that will help you attract – and retain -- highly qualified and professional employees. Panelists include:

- **James A. Elian**, President and COO, AirSprint Private Aviation
- **John Gillespie**, President and Founder, Flying Colours Corporation
- **Richard Hotchkiss**, President and CEO, Sunwest Aviation Ltd.
- **Tracy Medve**, President, KF Aerospace

Canadian and International Business Aviation Market Forecast

An expert in aviation market research, strategy and forecasting, **Rolland Vincent**, creator and founder of JETNETiQ and President of Rolland Vincent Associates joins CBAA 2019 for an insightful and information-packed presentation on the latest trends in business aviation demand in Canada and around the world.

Update by the Transportation Safety Board of Canada

Join Chair Kathy Fox for an update on TSB recommendation and findings - and their potential impact on business aviation.

And don't miss... Canadian entrepreneur and "Dragon Emeritus", **W. Brett Wilson's Keynote Address**; updates from **Transport Canada, CBSA** and **Nav Canada**; roundtable discussions on **604 Hot Topics and Best Practices**; a high-level session on **Tax and Financial Planning for Business Aircraft Owners**, a **CRM re-enactment** by FlightPath International, and sessions dedicated to **604 Hot Topics and Best Practices** as well as **Maintenance** topics, **new fatigue rules** and much more.
